SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, MAY 31, 1906.

No. 22

A WEEK OF FESTIVITIES.

The Programme for "Kentucky Home Coming" at Louisville the

MOST ELABORATE THING OF THE KIND EVER ATTEMPTED.

Louisville, where "Home Coming Week" for Kentuckians is to be given, June 13-17, is preparing to cover itself with glory in the programme of amusement and entertainment provided for its many thousand guests.

The event begins on Wednesday, June 13, with a big reception and welcoming at the new Armory, built at a cost of nearly half a million dollars, and which is the second largest building of the kind in the country. Mr. Henry Watterson, editor of the "Courier-Journal," Hon. J. C. W. Beckham, Governor of Kentucky, and Hon. Paul C. Barth, Mayor of Louisville, will deliver the addresses of welcome, and they will be responded to by the Hon. David L. Francis, of St. Louis. Immediately following there will be a pretty ceremony, in which Miss Louise Lee Hardin, of Denver, Col., the young lady who suggested "Home Coming Week for Kentuckians," will be decorated with a handsome medal.

At 3 o'clock there will be a handsome floral parade of eight divisions, devoted to automobiles, open carriages, traps, tandems, sulky, four-in-hand and floats, together with an exhibition of fire fighting apparatus of antebellum days and of the present period. The floral parade will close with the crowning of the queen.

At night there will be a big Philharmonic concert in the Armory.

Thursday will be known as Stephen Collins Foster Day, opening with the travelling of the new Armory of a statue of Stephen Collins Foster, who wrote "My Old Kentucky Home," erected out of subscriptions from the school children of Kentucky, and ultimately to be placed in the new capital, in course of construction at Frankfort. Addresses on this occasion will be made by the Hon. Sidney P. Redding, of Little Rock, Ark., and the Hon. R. W. Miller, of Richmond, Ky. Songs written by Foster will be sung by a chorus of one thousand school children. The statue will be unveiled by Mrs. Marian Foster Welsh, of Allegheny, Pa., only daughter of Foster.

Friday will be called Daniel Boone day. It will witness another statue unveiling—that of Daniel Boone. This ceremony will be in Cherokee Park, where the statue has been permanently placed. Following the unveiling ceremonies, there will be a reproduction of an Indian attack on Fort Boonesboro, one of the spectacular features of "Home Coming Week." The day will close with old-fashioned dances on a specially-arranged dance floor over the tennis courts of the park.

At night a pageant, somewhat along the lines of the "Fabled Prophet at St. Louis" and during Mardi Graw at New Orleans, will present to the visitors in a series of fourteen floats the epochs of Kentucky history. The pageant will end at the Armory, where Daniel Boone will be escorted to the ball room floor and welcomed by a queen and court, typifying a reception of "Old Kaintuck" by the "New Kentucky." This ball will be the largest function of the kind ever given in the South.

On Greater Kentucky Day—Saturday, June 16—the programme will be divided between Frankfort, the capital of the State, and Louisville. In the afternoon, the corner-stone of the new capitol will be laid. All living ex-Governors of Kentucky will participate with Gov. J. C. W. Beckham in these ceremonies. The other exercises will be held in Louisville.

There will be a reception at 3:30 o'clock in Central Park to all visitors, given in honor of distinguished ex-Kentuckians present. This will be followed by ceremonies in the same park over the Lincoln Birthplace

Cabin, which has been kindly loaned to the "Home Coming Week" Association by its New York owners. Addresses will be made by the Hon. Adlai E. Stevenson, of Illinois, and Mr. Henry Watterson. The cabin will be exhibited throughout the week at Central Park. It will be exhibited upon the entire route from New York. In the evening there will be a rally of Kentucky societies of other States in the new Armory.

The closing day will be known as "Till We Meet Again." All of the pupils of Louisville's churches will be filled in the morning by visiting ministers, and in the afternoon there will be children's services in Central Park, Cherokee Park and Shawnee Park. At night there will be vesper services in the Armory, and addresses by distinguished sons of Kentucky.

STATE GUARD ENCAMPMENT WILL BE HELD IN AUGUST.

Adjutant General Ready to Receive Propositions for Event—First Regiment May Camp with Regulars.

Frankfort, Ky., May 28.—Adj. Gen. Henry Lawrence is ready to receive propositions from cities and towns of the State which desire the location of the annual camp of the Kentucky State Guard for this summer. This camp will be held in August for thirty days, and will likely go to the city making the most satisfactory proposition. The camp of last year was held at Paducah, and may be held this year at some point in this section of the State. Frankfort, Lexington and several other cities will make offers for the location of the camp.

The proposition of the national Government to have the State troops camp this year with the regulars, has been submitted to the several regiments of the Guard. Officers of the First Regiment have expressed a desire to join the regulars at the Indiana camp, and this may be done, allowing the other two regiments to go into State camp of instruction.

NEW FLOUR MILL

For Hopkinsville—Capital, \$50,000.

A new milling company has been incorporated under the name of the Clinax Milling Co., with a capital stock of \$50,000, which is divided into 500 shares of \$100 each.

The incorporators are M. L. Elb, J. T. Hanberry, W. T. Cooper, R. A. Rogers, T. J. Tate, R. K. Ward, G. L. Campbell and James West. Several directors are to have control of the business affairs of the new company. A president, business manager, secretary and treasurer are to be elected by the board of directors. The mill, which will probably be located on the Illinois Central railroad, will have a daily capacity of 850 barrels of flour. It is understood that Ross Rogers will be business manager.

THIRD KENTUCKY OFFICERS

Will Meet in Hopkinsville June 5.

All the officers of the Third Kentucky infantry will hold an important meeting in Hopkinsville June 5, at 10 a. m.

The local officers look forward with much interest to the coming meeting and will arrange to make everything as pleasant as possible for the visiting soldiers.

The officers will meet at Hotel Latham, and there will probably be a banquet that night. The intentions of the meeting will not be given out just at present, as the exact routine of the meeting is not yet fully decided on.

Tobacco 100 Years Old Found in Wall of House.

Two twists of tobacco and a book on birds that were wrapped in papers and dated 1860, were found between the plastering and weather boarding on the farm of West Lowe, near Bowling Green. The tobacco is therefore 100 years old, and at least it will be sent to Louisville for the Home Coming week.

HONOR ROLL

Of the Earlington Public Graded School.

PUPILS DID GOOD WORK.

Following are the names of pupils whose average was above ninety in final examination held last week:

Tenth Grade.
Ermine Cox.
Richie Stone.
Marjorie Whitfield.
Ninth Grade.
Sybil Ashby.
Ida Croft.
Mildred Evans.
Martha McGary.
Roy Peyton.
Pansy Rule.
Della Salmon.
Ada Tombs.
Ruth Wyatt.
Eighth Grade.
Anna Deal Bramwell.
Mabel Browning.
Irene Coyle.
Hazel Fawcett.
Eleanor Dee Gordon.
Virginia McGary.
Leo Salmon.

Seventh Grade.
George Arnold.
Ruth Croft.
Roy Davis.
Eunice Draper.
Lucy Fawcett.
Goidie Henify.
Elizabeth Kemp.
Zilpah Morehead.
Gertie O'Bannon.
Clay Stokes.
Essie Trent.

Sixth Grade.
Noka Burdon.
Dallis Curtis.
James Draper.
Janice Ezell.
Baker Fugate.
Mollie Henify.
Edna Jackson.
Margaret Kemp.
Susan Meyers.
Kirby O'Bannon.
Arva Lea.
Bradley Stone.
Goldie Salmon.
Harold Tombs.
Newman Whitford.

Fifth Grade.
Paul Pilkington.
John A. Moore.
Ben Evans.
Ossie Cavanaugh.
Mattie Davis.
Ruby Peyton.
Ruby Croft.
Zeddie Clements.
Lucy Buntin.
Omer Wyatt.
Ida Lee Sisk.
Raymond Larmouth.
Bessie Coyle.
Hallie Curtis.
Agnes Lynn.
Edgar Arnold.
Carrie Baldwin.

Fourth Grade.
Corinne Ashby.
Margaret Atkinson.
Elizabeth Carey.
Julia Fawcett.
Laura Fenwick.
Randolph Gordon.
Clyde Hamby.
John Hodge.
Sallie Henify.
Algernon Moore.
Aloysius Morgan.
Ethel Oldham.
Ernest Oldham.
Lucien Vinson.
Audrey Wyatt.

Third Grade.
Other Adcock.
Ruby Ashby.
Ina Baldwin.
Thomas Black.
Herbert Brinkley.
John Brown.
Mary Brown.
Pearl Cavanaugh.
Monroe Craig.
Willie Ezell.
Artie Favor.
Roy Fawcett.
Annie Fox.
Annie Hodge.
Lucy Laffoon.
Raymond Lynn.
Pansy Meyers.
Verna Miller.
Verner Morgan.
Fern Nichols.
Earle O'Banvou.
Leamas Oldham.
May Oldham.
Monon Oldham.
Waverly Owen.
Georgia Padgett.

Eliza Peyton.
Emma Lee Roberts.
Owen Shaver.
Fairy Shaw.
Fern Stokes.
Walter Wendelken.
Lake Wilkins.

Second Grade.
Howard Arnold.
Thomas Black.
Henry Clark.
Carl Davenport.
Tommy Dexter.
Rex Hamby.
Charlie Hodge.
Eddie McGregor.
Paul Moore.
George Oldham.
Ethel Peyton.
Otto Smiley.
Roy Swann.
Dorris Shaver.
Carl Unstead.
Gladys Walker.
Isabel Wilson.
Willie Ward.
Delbert Wilkins.

First Grade.
Janie Blackwell.
Edward Brown.
Sarah Crutfield.
Lily Craig.
Hugh Cannon.
Marvin Curtis.
Verna Cooksey.
Hubson Daine.
Lonnie Deaton.
Aileen Fox.
Earle Hawkins.
Mary Herndon.
Hortense Logan.
Rowan Morris.
Edna Nanley.
Alice Orr.
Ruth Owen.
Mamie Owen.
William Robinson.
Paul Stone.
Malcomb Stokes.
Lucile Thomas.
Geraldine Whitford.
Anna West.

A Pleasant Outing.

The Girls' Outing Club, which was recently organized and is composed of twenty-two bright young Earlington girls, gave their first picnic at the park Saturday. The boy friends of the set were invited and together the day was delightfully spent by the happy young people just out of school. Besides the club were Mrs. and Mrs. J. E. Fawcett, Mrs. Stella M. Kemp, Misses Lizzie Dean and Nell Carlin and Bryan Hopper, who looked after the substantial part which they were convinced was of no little importance, as the hungry girls and boys gathered around the festive board at the noon hour and eagerly devoured the many good things spread before them.

The afternoon was spent in playing games and in boat rides furnished by Bryan Hopper in his lovely canoe and by George Farnsworth in his gasoline launch which is a thing of beauty as it glides over the placid bosom of Loch Mary.

The grown people whiled away the hours most pleasantly fishing.

The fragments of the feast were disposed of at the twilight hours and the party returned home with pleasant memories of the day.

Reception at Oakmoor.

Mrs. Paul M. Moore was hostess at a most attractive reception at Oakmoor last Friday afternoon given in compliment to her guest, Miss Charlotte Black, of New Jersey. The drawing room and library were fragrant and lovely with the profuse decorations of pink and red roses given in Oakmoor garden. The dining room was charmingly decorated with American Beauty roses. Misses Elizabeth Victory and Celoste Moore served the tea and coffee from the dining table with the dainty three course luncheon.

A large number of Madisonville and Earlington ladies were present.

Mrs. Moore was assisted in receiving by Mrs. J. B. Atkinson and Miss Black.

Children's Day at Christian Church.
The Sunday school of the Christian Church will observe Children's Day next Sunday night. A pleasing program is being prepared by the children, and a good time is in store for all. The church will be decorated with floral decorations. The school extends cordial invitation to all its friends to be present and enjoy this festive occasion.

PHILIPPINE MONEY WORRIES UNCLE SAM.

"Little Brown Brother" Doesn't Care, but Silver Dollars Are Exported.

MAPLE SUGAR INDUSTRY TRANSPLANTING TO SWITZERLAND.

Can the Government Compete with Contractors in building Ships, etc.

Washington, May 28. (Special.)—Whatever the general belief concerning the policy which added to the territory of this country the Philippine Islands, one thing is certain, and that is that having gotten them we find them very handy for experiments. The echoes of the struggle in the country over the ratio of coinage are hardly dead yet; nearly every day some one comes forward with a new scheme to provide for a more elastic currency, and though all have impracticable, or at least, not sufficiently proven to try on this country. Uncle Sam is now about to attempt a readjustment of rates of the Philippine coinage, to say nothing of establishing a more elastic currency. It won't matter much to the "little brown brothers," for aside from having any money, he generally lacks a pocket to put it in. All ratios look alike to him; the only way in which elasticity can appeal to his dusky soul is by stretching out his income. As a matter of fact, the readjustment is to be undertaken so much in behalf of the Filipinos, as to protect the government from loss through the exportation of the silver peso or dollar from the archipelago. The great trouble at present is due to the fact that that coin, while having a purchasing power of fifty cents, contains fifty-two one-half cent worth of bullion. Very naturally it is expected, and Uncle Sam loses two and one-half cents on each one. The readjustment will give a long-sought opening to amateur financiers all over the country, and it is expected that something like a million suggestions will be received by the Secretary of war, under whose supervision the work will be carried on.

The call which Senator Aldrich, Republican leader of the Senate, made at the White House this week is taken to be significant in many ways. It is the first time he has made since the rate bill came before the Senate, and shows that although generally referred to as the chief opponent of President Roosevelt in the rate fight, he has not let the President's victory rankle. The President got what he wanted, in the shape of effective legislation, and announced himself as satisfied. Contrariwise, Mr. Aldrich didn't get all that he was after, and consequently didn't do any announcing. There was some fear that the Rhode Islander, disaffected with the result, might stir up trouble in the Republican ranks, where he is a power, but his call at the White House has quieted as much as that. It is understood that Mr. Aldrich will support Mr. Roosevelt's presidential candidate, even though that candidate be such a Rooseveltian as Mr. Taft, of whom it is now whispered that the White House and not the Supreme Court bench will be his next field of activity.

The United States is about to see another of its pet industries taken up by a foreign country according to the Department of nothing less, indeed, than the production of maple sugar. "Sugarizing off" among the Alps may sound a bit fantastic, but if experiments now being carried on in Switzerland are successful. Some months ago 300 sugar maps were imported by that country from New England, and although half of them died from poor shipment and lack of proper care, the other half are now flourishing, with the result that large plantings are contemplated in the immediate future. The re-

(Continued on Page 7.)

A GOOD SHOW.

"A Country School Marm" Presented at Olympic Theater.

The following is from the Green River News: "A Country School Marm" presented at the Opera house Friday night by a company composed of young ladies and gentlemen, from Earlington, Ky., afforded a couple of hours of the most pleasant recreation.

The play which was quite an interesting comedy drama, with just enough tragedy to make it a little exciting, was well done, each character being portrayed with a realism so true to life, as to at once demonstrate the performer an amateur of far more than ordinary ability.

Each member of the company composed of fifteen or twenty people, did his part well, and, with our humble ability to criticize dramatic performance, we should attempt to name those who played their parts exceedingly well. As the company would begin with the leading lady, Miss Sue Ford, who represented the "Country School Marm"; then should follow, in regular order, as the arrangement of the play brought them before the footlights: Misses Shelby Wise, Minnie Fenwick, Celeste Moore, Mrs. Frances Kline and Messrs. Fred Ashby, Robt. L. Feuwick, J. J. Strother Hancock, Dr. C. B. Johnson, Chas. Truempy and Arden Livingston.

While we cheerfully commend the above named ladies and gentlemen, for good work as the dramatic personae of the same time, we should state that the quartet composed of Messrs. Leonard Goodloe, George Robinson, Nick A. Herb and Leonard Huff, were generously applauded and called back for the third performance by the audience.

And last, but by no means least, except in years, and stature, we should like to commend most sincerely the work of little Miss F. Lays, in her song specialties, as constituting a splendid feature of the entertainment.

The entire company of refined and cultured young ladies, and intelligent and gentlemanly young men, won the highest esteem of those who came in contact with them, either as patrons of the entertainment or in social intercourse on the streets.

The only regret expressed, is that owing to some confusion, caused by the management canceling the date, at one time, counter attractions had been arranged, and a number of our young people, which could not be changed and the attendance, on this account was much smaller than it otherwise would have been.

Dr. C. B. Johnson and Col. Arden Livingston, who had the management in charge, especially impressed our people very favorably for the business like and professional manner, in which everything connected with their visit here was conducted.

Alves-Waller.

The marriage of Lewis Armstrong Waller, of Madisonville, and Miss Laura Alves, of Henderson, was solemnized Tuesday at the home of the bride's father, John W. Alves, in Henderson. Several of the relatives of the groom attended the ceremony which was observed as a quiet home wedding.

The services were said by the Rev. R. E. C. Larson.

Immediately after the ceremony the newly married couple left for a short bridal tour after which they will return to Madisonville, where they will make their future home.

The groom is one of Madisonville's most progressive and enterprising business men, being a member of the lumber firm of Olore & Waller.

Miss Alves was high in the social circles at Henderson and is a charming young woman of many accomplishments who will be a great adjunct to the social life of Madisonville.

The two-faced man never had more than half an outlook.

PAYING THE SAN FRANCISCO LOSSES.

FOR INSPECTION OF FRESH MEATS

SENATE ADDED IT AS AMENDMENT TO AGRICULTURAL APPROPRIATION.

It Also Provides For the Inspection of All Animals Before They Enter the Packing Houses—Forbids Interstate Commerce of Unspectated Meats.

Washington, May 27.—The senate has passed the agricultural appropriation bill, carrying an appropriation of \$7,800,000 and without a word of debate or an objection from any source, added to it as an amendment the bill providing for an inspection of fresh meats. The provision is along the general lines of the law for the inspection of meats intended for domestic consumption and the work is delegated to the bureau of animal industry. It requires that acceptable meats shall be labeled, and authorizes the destruction of condemned products. It also authorizes inspection of all animals before they enter the packing houses and requires that those establishments shall be maintained in a sanitary condition, gives the inspectors access to all departments of them and forbids interstate commerce in fresh meats which are not marked by the inspectors. The expense of the inspection is to be borne by the owners and a fine of \$1,000 and imprisonment for two years are fixed as the penalties for the violation of the provision.

A Curious Story.

A curious story is told in explanation of why the Beveridge bill was added as an amendment to the agricultural appropriation bill. It is said that Prof. Neill, commissioner of labor, has for months been making careful and thorough investigation of the methods employed by the packers in handling diseased animals and disposing of their meat products.

A report of this inquiry was placed in the president's hands. It was of a sensational character. A special message was being prepared for transmitting the report to congress with the suggestions for appropriate legislation when a delegation of packers came here and visited the president.

It is said they discussed the Neill report, and asked that it be not sent to congress until after action had been taken on the Beveridge bill. The packers expressed a willingness to accept the Beveridge bill. The president told the packers at their word, and held up the report until the Beveridge bill could be added as an amendment to the agricultural appropriation bill.

Under the Beveridge amendment government inspectors may make ante-mortem and post-mortem examination of all cattle, swine, sheep and goats to be prepared for human consumption at any slaughter house in the United States. Its enforcement will make impossible the killing of diseased animals or the sales of their bodies.

LIGHTNING KILLS 5 AND INJURES 25

Mobile, Ala., May 25.—During a ball game in an open field, three miles from this city, Sunday afternoon, a thunderstorm came up, accompanied by vivid lightning, which struck in the midst of the crowd of spectators, instantly killing five and injuring some 25 more or less seriously. The dead: Donald Tourist, aged 21; Eugene Tourist, 19; Arthur Moody, 13; John Green, a negro; Charles Thomas, a negro. Seriously injured: John Yokers, Fred Johnson. At least 15 or 20 others were shocked and knocked down by the stroke, who quickly recovered and were able to leave the scene. The field was strewn with bits of shoes and clothing from those who were killed or seriously injured, and the bodies of the dead presented a terrible spectacle, being burned in numerous places.

Senate Conferees On Rate Bill.

Washington, May 23.—The senate has sent the railroad rate bill to conference, with Senators Ekins, Cullom and Tillman as conferees on the part of the senate.

Pope Was Pale and Weak.

Rome, May 28.—Although the pope has entirely recovered from his recent illness, he appeared somewhat pale and weak.

A GUATEMALAN REVOLT

REVOLUTIONISTS ADVANCING FROM FOUR POINTS.

Washington Hears That American Interests Are Endangered in That Republic.

City of Mexico, May 23.—Dispatches from the Guatemalan border are to the effect that revolutionists are advancing on Guatemala from four points. They are led by former President Barrios, and are reported to be well armed.

The republic is reported to be honeycombed with revolution.

Washington Hears the News.

Washington, May 23.—Guatemala is threatened with a revolt which may endanger American interests in the republic, according to dispatches received at the state department Monday from Minister Comes and Schwartz & Co., an American concern owning railway and dock properties in Guatemala. The scene of the trouble is in the northern part of the republic, near the Mexican frontier, but the cause is internal.

Marines at Colon.

Colon, May 23.—The United States cruiser Marblehead has arrived here with 400 marines. They will be landed, it is said, in a few hours. The bringing of marines here is reported to have no connection with the coming election—simply the determination of the United States government to maintain order in the canal zone.

ALEX. DOWIE CAN NOT LIVE

True to the Tenets of His Faith Dr. Dowie Refuses Medical Treatment.

Chicago, May 23.—Dr. Croftan, Dowie's physician, has given out this statement:

"I have diagnosed his case as one of dropsy and fatty degeneration in the region of the heart. The swelling in his lower limbs is proceeding upward. He also suffers from paralysis in the same region. It is useless to hope that such conditions can be otherwise than fatal."

"There is no hope for Dowie. It is only a question of how soon dissolution will take place. He may die within 24 hours and he may live for several days."

AN AMERICAN CHOSEN "BLACK POPE"

New York, May 25.—Rev. Rudolph J. Meyer, B. J., has been chosen "black pope," to succeed Father Louis Martin, who died recently in Rome. The "black pope" is the general of the Jesuits (Society of Jesus), the most powerful society in the Roman Catholic church.

Rev. Rudolph J. Meyer was born in St. Louis, Mo., November 8, 1841, and is the first American to reach the head of the order.

SAYS BISHOP IS HERETIC

Minister Charges Episcopalian Bishop of Pon du Lac With Heresy.

Milwaukee, Wis., May 23.—The Bishop Grafton, of Pon du Lac, leader of high church of Episcopals in the west, is a heretic, is a charge made by Rev. William Austin, who was called here from a Boston congregation to take charge of St. Paul's, one of the most exclusive Episcopal churches in the state.

St. Paul's is a low church, and Smith is sustained in his charges by most of his parishioners.

The Philippine Tariff.

Washington, May 23.—The supreme court of the United States has reiterated its decision of last term involving the validity of tariff collections in the Philippine Islands under the execution order of 1898. The opinion was delivered by Chief Justice Fuller.

Statehood Conference Fail to Agree.

Washington, May 23.—Senate and house leaders had another ineffectual conference upon the statehood bill. The house conferees have now decided to report a disagreement back to the house on the measure.

"Let us Join or Quit!"

(Continued from page 1)

The Planters Protective Association was said to be organized for a purpose with which the public sympathized. It was alleged that the tobacco trust was acting with a high hand, controlling prices to suit itself, buying and selling without competition. Farmers, we were told, were compelled to sell their crops for whatever the trust chose to give, which was often less than the cost of production. On the other hand, the final consumer of tobacco products was compelled to pay any price that the trust chose to exact. Such a condition is described as intolerable, and vigorous steps have been taken to put an end to it.

Some time ago farmers who failed or refused to join the Association began to be characterized as "idle" and "the idea was diffused that they were misdoers of a very bad type. Warnings were sent out against the sale of any tobacco to anybody but the Association. Factories belonging to the trust were destroyed by fire or dynamite. The responsible people of the Association promptly disclaimed any sympathy with these lawless acts. They did not admit that they were done by members of the Association, it being assumed that it was not known by whom they were perpetrated. When Clarksville warehousemen were asked to refuse to handle any but Association tobacco, and refused to assent, with the result that the warehousemen were removed to Guthrie.

Now, the news is widely diffused that in Christian county, Kentucky, and the adjoining county of Montgomery in Tennessee, plant beds have been destroyed. The implication seems to be that these beds belong to those who are not members of the Association, and some of them are explicitly so reported. Other cases are mentioned in which farmers have been given the choice of joining the Association or having their plant beds destroyed, which means they can grow no tobacco this year. Stories are also circulated of night riders and stern warnings not to sell to anybody but the Association. All these acts are expressly disclaimed by the officers of the Association, and in some cases suggestions are made that they proceed from its enemies, who desire to bring it into popular disrepute.

These questions of fact will have to be settled by the usual methods of seeking evidence which will throw light upon them. In advance of an investigation we should not be too ready to say who is responsible. But the principles which apply to such cases are plain enough, and they should never be lost from sight. This is a government of law and not of the mob. If illegal combinations undertake to oppress any class of citizens they are to be combated by legal methods. They are not in a time of peace to be fought with fire and dynamite, or by the destruction of property in other ways. Nor is one combination to be destroyed by forming another, equally or more illegal, and by a resort to methods which the law sanctions as crimes.

Our laboring masses have formed combinations for the purpose of protecting their own interests. Their right to unite for that purpose is conceded, and they equally are a large degree of public sympathy. But when they take the position that nobody who does not belong to their organization shall have a right to labor at all, they forfeit a good deal in public opinion. Their organizations are voluntary, and the right to remain out of them is as complete as the right to join. Many organizations of capital have come under public condemnation for the same reason. They seek to punish all who are not of them by depriving them of the means of subsistence.

Have You a Friend?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors use a great deal of it for throat and lung troubles.

"It had a terrible cold and cough and who could have been cured. I tried Ayer's Cherry Pectoral and it gave me quick and perfect relief. It is certainly the most wonderful cough medicine."—J. H. A. WATMAN, SIOUX FALLS, S. D.

Made by J. C. Ayer & Co., Lowell, Mass.

AYER'S
PILLS.
HARRIS VIOLET.

One of Ayer's Pills at bedtime will hasten recovery. Coughs laxative.

assistance. Extensive investigations of this sort are now in progress and many combines have become the subjects of popular indignation. Their right to combine is not disputed, but their purposes and their methods must be lawful.

To say that one shall not raise tobacco unless he belongs to a certain association is very much like saying that no one shall work for wages unless he join some of a number of associations. In either case the right of the individual is disregarded, and the association or union assumes to be above the law. It is well that the officers of the Planters Protective Association have disclaimed any such intention. If there are any members who disregard these intimations and think they may carry out their own purposes in spite of their officers, they should take time to reflect that this is the most effectual way to defeat the purpose, the lawful purpose, for which they are organized. There are not enough of them to rule the United States. They can only succeed by appeal to the public sentiment of the whole country, which at the beginning they did with considerable success. They will continue to be in favor, if they prosecute ends which are conceded to be lawful by means which are equally objectionable. A resort to force to compel everybody to bow to them will do them infinite harm and no good of any consequence. The facts are yet in dispute, and they are not to be considered unproved. But a careful investigation of the facts is called for, and if there are elements in the association which cannot be controlled, the utmost diligence to get rid of them is undoubtedly required. The principle of "join or quit" is not defensible.

NO MORE WHISKEY

Will be Transported by Express Companies to Local Option Territory.

A common impression prevails that the statute against shipping whiskey into local option districts in this State does not apply to foreign shipment, for the reason that under the operation of the Interstate Commerce law it can be shipped in from other States. This idea is erroneous. The express companies have issued bulletins to their agents directing them to examine all suspicious looking packages and to inquire of the shipper what they contain. If he refuse to answer the package is not to be received for transportation. These companies recognize that it is a violation of law to carry whiskey into any prohibition territory of Kentucky, whether shipped from some other point in Kentucky or from another State. This question has already been passed on by the Court of Appeals. Whiskey was sent by express from Cincinnati to the State of Ohio, to Loudon, in Laurel County, Kentucky, and for the offense the express company was apprehended and fined \$50, the judgment being affirmed on appeal. Companies transporting whiskey from another State and delivering in prohibition territory in this State are amenable to the law as if the goods had been shipped from point to point within this State. There was some talk of testing the constitutionality of the law, but this has been abandoned by the companies, and they have decided to observe the law and have issued circular instructions to their agents to that effect. These instructions direct that the agent shall follow the law to the letter, which means that no more whiskey will be shipped into the local option territory of Kentucky.

The jobbers have heretofore done an annual business in the State of from \$25,000 to \$50,000 in local option counties, but the recent law operates to put an end to all such unlawful sales.

New Tax Rate.

The following features of the new revenue law concerning the changes from the old law are not without interest to taxpayers.

The new revenue law makes every one whose taxes are not paid by November a delinquent, and a 6 per cent penalty is added on that date and the amount draws 6 per cent interest until paid. All delinquents must be returned by the sheriff by November 15 to the county court clerk, a month earlier under the new law, and he then issue a tax warrant against each and places it in the hands of the sheriff, who has to return the same within sixty days, provided he does not make the money.

The sheriff, under the new law, has to account for all interest and penalties the same as for other taxes, and he must keep a public record of the same as well as of taxes he collects, balance his books monthly and turn them over to his successor in office, and for failure to do so, for each offense, a fine of from \$10 to \$200 attaches.

The sheriff will have some knowledge of bookkeeping by the end of the term, if he complies with the new law.

The law also imposes quite a list of extra duties on the records for the county clerk relative to the collection of taxes, and all of which fees and costs of his labors to be collected by the sheriff from the delinquent taxpayers and paid to him, and a minute record of it must all must be kept by the clerk.

Take the family paper—THE BEE.

SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All Over Body—Examined 15 Times by Government Board Who Said There Was No Cure—An Old Soldier Completely Cured.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me. I have taken all kinds of medicine and have spent large sums of money for doctors without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John F. Roach, Richmond, Home Co., Ohio, July 17, 1905."

100,000 MOTHERS

Daily Tell Other Mothers

That Cuticura Soap is the best baby soap in the world for cleansing and purifying the skin, and that Cuticura Ointment is of priceless value for soothing and healing itching and burning, and disfiguring eruptions. A single application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, gives instant relief, and refreshing sleep for skin-tormented babies, and rest for tired mothers. Bathing the afflicted parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely to all itching and inflamed skin, and soothe and heal.

Cuticura Soap, Ointment, and Pills are sold throughout the country by all druggists and grocers. Beware of cheap imitations. "Beware of cheap imitations."

NEW REVENUE LAW

Goes into Effect June 11.—New Business that falls under the Law.

"THE BEE" prints the following for the benefit of its many readers and gives the amount of Licenses that will be charged for each business. These laws were passed at the recent session of the Legislature and go into effect June 11. Following is the list.

Auctioneers \$5; bill posters \$10; cane racks \$5; commercial agencies \$100; exhibitions, not devoted entirely to religious, benevolent, or educational purposes and not in a licensed hall \$5; feather renovators \$10; fortune tellers \$20; hack lines \$10; ice factories \$15; merry grounds \$10; patent medicine, except merchants or druggists, located \$100; photograph galleries \$5; restaurants \$5; real estate agents \$10; sewing machine agents \$10; shooting galleries \$5 soda fountains \$25; picture enlargers \$5; vendor of spectacles and jewelry \$5; transient vendors of stores and ranges \$20; skating rinks, where fees are charged \$5.

This he will impart to you with his own voice. GREETINGS F. Hammar Paint Company ST. LOUIS, MO.

"MIKADO"—Japan's Finest Goods.

WHAT ARE

"MIKADO" GOODS

Up to Date Women Wear Them
Up to Date Stores Sell them

A marvel of the age is the exquisite hand-embroidery and drawn-work executed by the Japanese. No woman feels content unless she has in her possession at least some of the Japanese needle-work.

There are things to wear and things to use in the home, and it's a question which is the most tempting.

Perhaps the extraordinary low prices are even more wonderful than the work itself, especially when one considers what a length of tedious, skillful labor is required to produce each separate piece.

Take a Peep At Quaint Japan

Lovely Neckwear
Collar and Cuff Sets
Doilies and Centerpieces
Hand Drawn Handkerchiefs

Such a collection of pretty things were never before shown hereabouts. We'll have more to say about them again, but just now wise folks will hurry to select.

DULIN & MCLEOD

WE ALWAYS HAVE GOOD FRESH LIME IN GOOD SOUND BARRELS.

CEMENT.

Atlas, Portland and Louisville Diamond, the best made, always on hand. Good fresh stock.

WALL PAPER.

We handle the AGITITE PLASTER, the best on the market.

Our Prices Are Right.

Do You Want to Know

What You Swallow?

There is a growing sentiment in this country in favor of a more or less composition. It is not natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and also that the fullest publicity can only be had to the well-known reputation of his medicines, Dr. E. V. Pierce, of Buffalo, N. Y., has taken time for the foreword, as it were, and is publishing a booklet, a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and kidney regulator, also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, for the standard medical authorities of all the several schools of practice, showing the strongest endorsement by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address: Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated and billowy granules. They regulate and invigorate stomach, liver and bowels. Do not keep the "pill" habit, but take a few of these tiny, sugar-coated pellets, once or twice each day for a laxative and purgative, and you will find active cathartic. Once tried always in favor.

\$50.00 GIVEN AWAY. In copies of Dr. Pierce's Golden Medical Discovery, a book that adds to the extent of \$50.00 copies a few years ago, at the price per copy.

Each year, we give away \$50.00 worth of these invaluable books. This year we shall give away \$50.00 worth of them. Will you share in this benefit? If so, send only 21 cents stamps to order copy of mailer only for book in full paper cover, or for many other books. Address: Dr. E. V. Pierce, Buffalo, N. Y.

Kentucky Universalists Elect Officers. Kentucky Universalist convention, at its concluding session at Hopkinsville recently elected officers as follows: President, Mrs. J. W. Long, Madison; Vice President, the Rev. Thomas Logan; Hanson, secretary, Miss Maggie Clark Crofton; trustees, Julian Hord, James W. Lancy and Curtis A. Brasher, Hopkinsville. The next meeting will be held in October at Consolation.

CASORIA. The Kid the New Negro Bought. Signature at *Dr. A. H. Hester*

Every unidentified boy that turns up in Russia for any other reason will be positively identified as that of Father Gapon.

Not a thing harmful in One Minute Cough Cure, but it relieves a cough quickly, cuts the phlegm, healing and soothing. Guaranteed. Sold by John N. Taylor.

USE St. Bernard Coal.

Mined in Hopkins County, Kentucky, the largest coal producing county in the State. This Company operates

Eight Large Mines.

and produces about one-sixth of all the coal mined in all Kentucky.

Best Coal for Steam and Domestic Purposes.

St. Bernard No. 9 Coal has come to be recognized, through years of satisfactory use, as the standard grade both for steam and domestic purposes. In the large territory reached by our products, another point in favor of our coal is the fact that we have established an unimpeachable record for

Prompt Service the Year Around.

Our mines are operated more days in the year than any mines in Kentucky and with an enormous output we are able to give the promptest and most satisfactory service.

St. Bernard Coke

is also a superior fuel and is extensively used in these burners and heating furnaces for residences or any other building that needs to be heated and takes the place perfectly of high priced anthracite coal. This coke is extensively used in manufacturing as well as in furnishing in various grades.

If your dealer does not handle our coal and coke write to us.

WIDE OPEN THERE.

(The labor unions of Chicago have purchased a cemetery where only members of the union may be buried.—New York Times.)

Altho life in a union shop He'd daily earned his bread; They buried him in a union grave When the union man was dead.

He had a union doctor And he had a union nurse; He had a union coffin And he had a union hearse.

They put him in a union grave When he was good and dead; They put a union monument Just above his head.

And then he went to heaven, But to stay he didn't care; He kicked because he said that some Nonunion men were there.

He went down to the Other Place, And there produced his card, Then Satan threw an earnest face And studied good and hard.

And then he laughed, his hands did rub, Till he thought he'd never stop, "Lord bless your soul," said Beelzebub, "Why, this is an open shop!"

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, La., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and All Stomach, Kidney and Bladder derangements. A wonderful Tonic. At St. Bernard Drug Store, 50 cents.

A paper overcoat has been invented. The patent is applied for. It sheds water like a duck's back, and is as "greasy" as plumb. The "paper age" is near at hand, and in all probability it will be more wonderful than the "iron age," the "steel age" or the "stone age."

If You Don't succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C., of Emory, Tex., writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family."

Sold by St. Bernard Drug Store.

There is hardly a king in Christendom today whose wife does not overtop him by a head.

Why take a dozen things to cure that which one? Kennedy's Laxative Honey and Tar always the congestion, stops that tickling drives the cold out through your bowels. Sold by John N. Taylor.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

WE'LL SEND YOU A SAMPLE FREE.

SCOTT & BOWNE, 409 Pearl Street, New York.

A Kentucky Breakfast.

One of the May Magazines has this definition of a "Kentucky breakfast":

"What's a Kentucky breakfast?" asks Cyclone Bill.

"Why a Kentucky breakfast is a three pound steak, a bottle of whiskey and a setter dog."

"What's the dog for?"

"Why to eat the steak, of course."

Why was Kentucky selected to have that look out?

Some state was needed. But why was Kentucky selected?

Because it is everywhere known that Kentucky is the one state whose whiskey is good enough to dispense with all accompaniments, condiments, collaterals and adulterations.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it.

Sold by John N. Taylor.

A baby's mouth and gums should be washed every morning in water in which a pinch of borax has been dissolved. It keeps the mouth clean and sweet and prevents sore mouth, from which so many babies suffer when their mouths are not kept perfectly clean.

Gilt of Railroad Rate Bill.

The principal provisions of the railroad rate bill, which was passed finally by the Senate Friday are: It authorizes the Interstate Commerce Commission to suspend a rate if it is made, to fix the just and reasonable maximum rate.

It requires 30 days' notice, a hearing and the concurrence of two out of three United States Judges before a temporary injunction suspending a rate shall issue.

It expedites rate cases by granting appeals from the Circuit Court. It gives the Circuit Court full jurisdiction to review orders of the commission.

It classifies all pipe lines, express car and sleeping car companies, and private car lines as common carriers and subjects them to the provisions of the act.

It prohibits the issuance of passes except to railway employees and their families.

It prohibits railways from engaging in mining coal on their lines. It restores the imprisonment penalty for rebating which was repealed by the Elkins act in 1888.

It requires full publicity of all railway books and accounts.

Fighting Foley's Honey and Tar.

Foley & Co., Chicago, originated Foley's Honey and Tar as a throat and lung remedy and account of the greatness and popularity of Foley's Honey and Tar many imitations are being made.

These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds.

Photograph Makes Hens Lay.

A Stockport poultry farmer has had great trouble because his hens were not producing the proper number of eggs. A nearby neighbor has a fine flock of hens which were working overtime to produce eggs. He was annoyed but the back fence of his neighbor's hens an idea struck him. He went to the neighbor and asked him to let him see the hens. He went into the house and brought out a photograph of the hens. He showed it to the neighbor and the neighbor said: "That's a fine flock of hens. I'll give you a few of mine if you'll give me a few of yours."

He then installed the photograph in his own henhouse and started it going. The first day the hens were greatly annoyed but the second day they got down to business and ground out an egg every time the photograph cackled. The hens have stopped cackling themselves, however, and when the photograph should keep a bottle of which the inventor of the idea has to sit in his coop all day long to keep the photograph going. Fact!

Do You Love

your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. White's Cream Vermifuge kills the child of worms and cleans out its system in a pleasant way. Every mother should keep a bottle of which the inventor of the idea has to sit in his coop all day long to keep the photograph going. Fact!

Keep the bowels regular. And the great medicine.

Ayer's Pills. E. C. Ayer & Co., Lowell, Mass.

BUCKINGHAM'S DYE

Keep the bowels regular. And the great medicine.

It will, perhaps, be news to many that in England a boy and girl may contract a marriage at the age of 7, and that the marriage can only be avoided or finally ratified when the boy and girl reach the age of 14 and 12, respectively. The minimum ages of 14 and 12, which are necessary for a final and legal marriage, are also the minimum ages recognized in Spain and Portugal, Switzerland, Greece and, for Roman Catholics only, in Hungary, Germany, France, Russia and Saxony do not recognize as legal marriages of boys under 18; while in France the bride must have attained at least 12 summers, and in Russia 12. Turkey, perhaps, offers more facilities for the marriage of infants than any other European country. Turkish requirements are satisfied if bride and bridegroom are old enough to toddle from the altar and to understand the meaning of the ceremony of marriage.

Rest for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name ORINO and refuse substitutes.

MAJ. CASTILLO AT NEW BASE DARK CLOUD HANGS OVER RUSSIAN EMPIRE

Latest Developments in the Guatemalan Revolution—Maj. Castillo Forced to Retire After Capturing City of Ocos.

He is Expecting Reinforcements of Several Hundred Good Men From the Steamer Empire City—Gen. Barillas Advancing On Quetzaltenango.

THE WIRES HAVE BEEN CUT

The Revolution is said to be the most widely spread of any in the history of Guatemala and is popular with foreign element and most natives.

Mexico City, May 30.—Maj. Castillo, commanding one detachment of Guatemalan revolutionists, after taking the city of Ocos, was forced to retire before superior forces. Castillo is now reported to have taken a new base, and will be reinforced by several hundred good fighting men from the steamer Empire City. Gen. Barillas is in the mountains making his way to Quetzaltenango. Barillas has with him a fine body of picked men and is reported to be steadily recruiting his force.

No news has been received here from Salvador, but the invading force should by this time have advanced into Guatemala. Resident Guatemalans state that the whole country is ripe for the overthrow of Cabrera. The season of rains has set in and the roads are bad in Guatemala. Telephone communication is difficult, owing to the cutting of wires on the Guatemalan side.

News from the Guatemalan frontier will be somewhat interrupted owing to the revolutionists having cut the wires, but messengers on horseback will be dispatched from Ocos, where Maj. Castillo has his forces, and the flying column of Gen. Barillas, who is pushing on to the important city of Quetzaltenango, with 4,000 inhabitants. That city is likely to be occupied by Gen. Barillas, Wednesday or Thursday of this week. He is immensely popular in that region.

The revolution is the most widely spread of any in the history of that country. Foreign planters have been waiting for months for Gen. Barillas to act. Practically all foreign interests and many of the best natives support the revolution. Frequent abuse of power is charged against the government.

Victims Revolution Created.
Panama, May 30.—The following dispatch has been received here: "Guatemala, May 29, 9:12 a. m.—New Orleans, May 30, 1914. (Signed) 'ESTRADA CABRERA'." Senor Cabrera is the president of Guatemala.

BISHOP HENRY C. POTTER IN BRILLIANT COMPANY

London, May 30.—Gen. Lord Roberts presided, Tuesday night, at the Pilgrims' dinner in honor of Rt. Rev. Henry Codrington Potter, Protestant Episcopal bishop of New York. There were 150 guests, including the archbishop of Canterbury, the archbishop of London, Archbishop Wilberforce, the earl of Malmesbury, Sir Thomas Lipton, Lord Alington, Lord Kintore, Lord Strathcona, Lord Fairfax, Gen. Sir Edmund Elliot, Gen. Sir Edward Stedman, Maj. Gen. H. D. Hutcheon, Admiral Sir William Kennedy, the earl of Denbigh, David J. Hill, United States minister to the Hague, Andrew Carnegie, Don M. Dickinson and Victor P. Lawson. Lord Roberts, in toasting King Edward and President Roosevelt, said they were the two rulers of English-speaking peoples upon whom the maintenance of the world's peace mainly depended.

TOLD JEROME EVERYTHING

Michael Life's Former Legislative Agent Tells How Company Funds Were Diverted.

New York, May 30.—Andrew C. Fields, the Mutual Life of New York legislative agent and superintendent of supplies, was a witness before the special grand jury which is investigating the insurance cases. Fields made a clean breast of the scandal in the Mutual's supply department, telling District Attorney Jerome everything that he decided to know. As a result, it is understood that at least three officers of the Mutual Life under the old regime, and possibly two trustees, are implicated in what took place in the supply department. Mr. Jerome had established the fact that probably \$100,000 a year had been diverted through the paid-draft system of the supply department.

A Kilkenny Cat Fights.
Nashville, Tenn., May 30.—The famed Kilkenny cats were pitted against each other in the delegates who assembled in the democratic state convention here, Tuesday, to select candidates for governor and railroad commissioners. They didn't even get as far as temporary organization.

LOCOMOTIVE BLASTS

Puffs of an Engine.

The train was starting. The puffs of the locomotive, at first slow, grew faster and faster, and finally ceased to cease in the roar of the train.

"It is the emission of the waste steam through the chimney that causes the locomotive's puffs," coughing sound, said an engineer. "As the train's speed increases the puffs increase in rapidity, and when ten a second are emitted the ear can't distinguish them separately any longer—it hears them as a continuous roar. A good many people, on this account, think a locomotive only puffs at starting. Really, she puffs all the time, only the puffs are too rapid to be recognizable. A train going a mile a minute gives twenty puffs per second."

—New York Press.

Paducah, Ky., May 28.—It is announced that the Illinois Central has granted its dispatching force, the system over, a ten days' annual vacation with full pay. The announcement will come as a pleasant surprise. The first man in this territory to take the vacation is A. J. Jorgensen, a dispatcher of the Fulton district. This comes as a high compliment in recognition of services.

Passenger service will begin on the Kentucky Valley railroad next Sunday, arrangements having been made by the management to inaugurate this service then. Connections will be made with the Illinois Central at Blackford. Excursion trains will be run from Providence every Sunday at a one fare rate for the round trip after the inauguration of the service.

Brakenham C. C. Delebridge was injured while riding Tuesday morning by falling from the running board of the engine of train No. 32 northbound. He was brought to this place and given medical attention. His injuries are not serious and he will be able to resume duty in a few days.

Five double headers were sent north from this place Saturday night, besides several other trains, which were not loaded with traffic that would require more than one engine to handle the train. This is another evidence that business is still good on the Henderson division.

The two north end chain gang crews, which have been handling trains from this place to Howell,

were changed off this run last week. All crews arriving here will be run north or south as the call may be.

W. S. Matthews, baggage man on the Evansville-Providence accommodation, in charge of Conductor Harry Bramwell, has resumed duty after a week's rest. Conductor O. C. Cansler is in charge of the north end coal train vice Conductor McDowell, who is on one of the south local freight runs.

Steve Mothershead, clerk to Asst. Supt. M. Devney, of Evansville, spent Sunday with his parents in the city.

Engineer Willie Dock Stanford was on the train on Friday during the absence of Patrick Whalen.

Fireman Crotcher, of south local freight run, spent Sunday and Monday with his family in Nashville.

A colored excursion was run from Hopkinsville to Louisville Sunday and was well patronized.

Conductor Dorris, of the south local freight, has been transferred to chain gang service.

Engineer Hamilton O'Brien, of Henderson, visited relatives here last week.

Elbert Drake is firing for Engineer Leonard Hall on switch engine 612.

Chas. Egloff has accepted a position as caller at the round house.

Leo Herb is now firing on switch engine 2008.

Arrested at Providence.

W. B. Barnes, formerly of Heels, was arrested, at Providence yesterday by City Marshal Sutton of this place, charged with theft. It seems that Barnes had sold a watch to Evert Gibbons at Providence. It turned out that the watch was one stolen from W. G. Barter, of this place, some time ago. Barnes was placed in jail at Madisonville to await trial, at which he will have to explain how he came into possession of the watch. Barnes' reputation in the past has to say the least been unsavory.

Foley's Honey and Tar

Heals, cures and stops the cough

Record Breaker.

The St. Charles coal mine of the St. Bernard group of mines, smashed its production record on Monday. This mine loaded 11 railroad coal cars containing 1,670 tons of coal, and left 100 tons on the mine tracks at 2:30 p. m., on account of having no cars in which to load. This phenomenal production of 1,670 tons in one day, is the highest ever made by any mine in Western Kentucky into smelters and makes St. Charles the banner mine in this coal field.

Frightful Running Sores

and actual rotting away of the bones and flesh result frequently from lack of attention to the proper cleansing of the blood when it is a little out of order

It has been proven to us beyond the shadow of a doubt that Foerg's Remedy will cure Specific Blood Poison—the King of all blood diseases. It will cure with anything but this wonderful remedy if you have any of the mild forms of poisoned blood, such as Scrofula, Eruptions, Pimples, Catarrh, Rheumatism, Salt Rheum or Eczema.

FOERG'S REMEDY IS A SAFE REMEDY

Containing no mercury or other injurious substances, it is a purely vegetable product and is composed of some of the best and rarest drugs known to science.

Because of their expensive and rare nature, they are very seldom used by the practicing physician.

The formula from which Foerg's Remedy is made is the result of many years of study and practice of an eminent physician, who found it wonderfully effective in curing blood diseases.

If you are a victim of specific blood poisoning, scrofula, or any other form of impure blood poisoning, your future happiness depends upon whether you recognize our claims for Foerg's Remedy as the King of all blood diseases, and whether you are willing to give Foerg's Remedy a fair chance to cure your present suffering, and by cleaning your system of the foul disease which now occupies it, grant you a new lease on life and of womanhood.

Remember, also, if you have been a user of mercury or other mineral poisons, your case is serious and you will need Caution.

More than ever do you need the wholesome, active, purifying power of Foerg's Remedy to rid your veins of this most baleful drug.

Act now on the impulse that is in your heart. Do not your druggist or write us and procure the remedy.

What is a five-dollar bill in comparison with a lifetime of continued misery?

If your druggist does not sell this remedy, write us at once for a bottle or 30 for six bottles with our absolute guarantee for your refund if it does not cure you. All packages sent in plain wrappers. All correspondence sent by registered mail.

Total subscribers May 1st, 1906	153,665

MINING NOTES.

Silicate Mine Discovered.

Silicate has been discovered in Washington county. Over 1,000 acres near Williamsburg have been found to contain a deposit of silicate in large quantities. Several tests have been made by competent authorities and all show it to be first class oxide of silicon. If developed thoroughly it would make a large fortune and land is being held at \$1,000 an acre.

There are very few silicate mines in the United States, and this fact lends double value to the discovery. The existence of the deposit has been known for three years, but the people of the community found it out when experts from Louisville sent a man this spring to buy it.

Last week Representative W. D. Claybrooke took sample of the earth to the State geologist, but was not able to obtain an analysis before his return home.—Springfield Sun.

Deputy U. S. Marshal L. P. Bennett returned from Sturges Monday morning where he served injunction notices on twenty-two union miners, says the Owensboro Inquirer. All who had been named in the injunction proceedings could not be found but a sufficient number was served. Marshal Bennett stated that he did not think there would be any further trouble. He said only nonunion men were at work but it was not expected that they would interfere with or around Sturges.

The mining property of W. E. Hesse, near Wheatcroft, has been leased by C. B. Jenkins, of Providence. This mine was opened about three years ago and has been operated as a country mine until the building of the Kentucky Valley road. It is a slope and contains a fine vein of No. 9 coal.

The Chicago Coal Co., for whom Richard Palmer has been prospecting, paid Bush Alexander, of Dawson, \$8,000 for 130 acres lying east of that place. A shaft will be sunk and developments begun as soon as possible.

Henry Lawson, of this place, has accepted employment with the Heinecke Coal Co., and moved his family to Madisonville last week.

Tine Ashby, who has been on the sick list for the past two weeks, is slowly improving.

Lee Peyton, of the Barsley mine, has been transferred to Hecla mine.

Foley's Honey and Tar for children safe sure. No opiates.

DAVIS WELL ITEMS.

The many friends of Elder I. H. Teel in this vicinity are glad to hear that he and family escaped serious harm from the great San Francisco disaster.

Mrs. J. L. Todd and daughter, Miss Mayme, of this neighborhood, and Mrs. S. L. Todd and little daughter, Anna Agnes, of near Madisonville, visited friends at Oak Hill this week.

It is expected that the Nibset-Pritchett reunion will take place at Grapevine some time during home coming week. Quite a number in the county as well as several in different states are interested in the meeting.

W. M. Madison of the Anton country had the misfortune to lose his house and contents by fire last week. It broke out in a wardrobe. There is no known way for it to have got started except by rats with matches they had carried in there.

The County Sunday School Convention will be held at Liberty church the first of the month. Let everybody come with well filled baskets, and bring good stories to be benefited. An interesting program will be arranged for the occasion.

The drouth which prevails now is becoming alarming. A great deal of ground has been broken and suffered to lay there and dry out so that it can't be gotten in order to plant until it rains. Some planted very little and some none.

Some of the farmers in this community are so bent on getting out a crop of tobacco that they are undertaking to make a season by carrying water and watering the plants as they set them out. Others think that a bigger job than they contracted for.

Mr. Linn Prather of near Blancherville, committed suicide a few days ago by shooting himself with a double-barrel shotgun. He was the father of Mrs. Windell Crabtree, who lives on the John Sinton farm near here. Dependence caused by ill health is thought to be the cause of the rash act.

FOR GIVING REBATES

FREIGHT BROKER AND CLERK FOUND GUILTY.

Geo. H. Crosby, a Railway Traffic Manager, on Same Charge, Was Released.

Kansas City, Mo., May 26.—George L. Thomas, a freight broker, and L. B. Taggart, a clerk working for Thomas, in the United States district court here, were found guilty of the charge of conspiracy to illegally give rebates to shippers. The jury considered the case only thirty minutes before arriving at a verdict. Attorneys for the defendants will file a motion for a new trial. The court will not pronounce sentence against Thomas and Taggart until the motion for a new trial is disposed of.

Crosby Discharged.
George H. Crosby, general freight traffic manager for the Burlington railway, on trial on the same charge, was discharged, the court maintaining a demurrer alleging that no evidence had been presented to connect Crosby with a conspiracy. This indictment charged that Crosby had conspired with George L. Thomas, a freight broker, and L. B. Taggart, his clerk, to pay rebates to certain persons.

The Penalty.
Thomas and Taggart live in New York, and Taggart, who has been present in court only in the person of his counsel, is said to be very ill in that city. He and Thomas have been under bonds of \$5,000 each, and the court allowed the bonds to continue in force until sentence is imposed. The section of the Revised Statutes under which Thomas and Taggart are convicted provides that their punishment shall be a fine of not less than \$1,000 or more than \$10,000, or imprisonment in the penitentiary for not more than two years, or both fine and imprisonment at the discretion of the court.

MUST LEAVE THE SENATE

The Convicted Senator Given a Few Days in Which to Think It Over.

Washington, May 26.—Unless Senator Joseph R. Burton, of Kansas, who has been convicted of a crime, and has been sentenced to a term of imprisonment and to pay a fine, resigns his seat in the senate within a few days, action will be taken to have him expelled from that body. Notice to that effect will be served on Burton by members of the committee on privileges and elections which has conducted his case. He will have until next Friday to make up his mind. On that day the committee will meet with the intention of reporting a resolution of expulsion if Burton does not get out.

Burton's proposal to Senator Burton, chairman of the committee, that provided no action were taken on his case in the meantime, Burton would resign his seat if the supreme court decided the application for a rehearing of the case, was brought to the committee's attention, but was immediately rejected.

It develops that senators who have talked with President Roosevelt indicated to senators that in his opinion Senator Burton should immediately resign or be expelled.

A BILLION DOLLAR COAL TRUST NEXT

New York, May 26.—Anticipating and discounting the state of the railroad rate bill, which demands a separation of the railroad and the coal interests, J. Pierpont Morgan, so Wall street learns, has been entrusted with the organization of a gigantic coal combine with a capitalization which, it is believed, may reach fully \$1,000,000,000, outstripping even the steel trust in the merging of industrial interests. Mr. Morgan is now in Europe, where he has been so successful at times in his great financial ventures, and it was reported in Wall street that he will delay his return to this country until the groundwork for floating the stock apportioned to Europe is completed.

QUAKES DESTROY MONGOLIAN CITY

Victoria, B. C., May 26.—The Chinese mail brings news of an earthquake, causing a great loss of life and damage to property, which occurred early in May at Ulanakst, in Mongolia. A small number of lives were caused by the earthquake. The walled city of Ulanakst was almost completely destroyed; the loss of life being very heavy. Reports were received from the Po Kuan province in China, the most disastrous being at Chuen, in Chou prefecture, where many buildings were destroyed.

SENATE AMENDMENTS SENT TO CONFERENCE

Washington, May 26.—The house sent all the amendments to the railroad rate bill to a conference. The vote providing for this step was 41 to 105.

Tornado in Nebraska and Iowa.
Oakland, Neb., May 26.—A tornado passed over the west side of Oakland during the afternoon, doing considerable damage, but no lives were lost. It struck the town of Whiting, Ia., destroying a house and barn on the same spot a house was wrecked by a storm three years ago.

Mexico Registered.
Washington, May 26.—The Mexican government's reply to the American inquiry in the seizure of American fishing schooners has been received. It shows that the ships were in Mexican waters in violation of the Mexican law.

PHILIPPINE MONEY WORRIES UNCLE SAM.

(Continued from Page 1.)

lic which such a policy will in the end afford from the sugar bill, which now weighs so heavily, is one of the main incentives of the people of the mountain republic in taking up this matter. Then, too, Switzerland feels that something of this sort is due her from the United States, for it was through the investigations of the State Department a few years ago that the process of manufacturing sugar of milk was introduced into this country from Switzerland, thus eventually depriving her in part of one of her markets.

The completion of the big battleship Louisiana this week by a private shipbuilding concern, which for two years has engaged in a race with the government, that has under construction the battleship Connecticut, has furnished an argument of which those Congressmen in favor of digging the Panama Canal by contract are not slow to avail themselves. The two big fighting ships are of the same type, but, though the Louisiana is launched and on her way to Norfolk, the government still is struggling with the Connecticut. The red tape that hampers all governmental work has retarded the building. The same red tape, it is contended, is certain to hamper the work of digging the ditch across the isthmus. There is a growing sentiment in Congress that private enterprise should be left to do the work under competent government direction. Senator Kittredge is heartily in favor of this plan.

Among the callers at the White House this week was Captain Aydel, the commander of the ill-fated steamer Masefield, which sank in the Irish channel recently. Because of Captain Aydel's heroism, 216 of the 218 passengers and the entire crew of 85 men were saved. Practically every monarch of Europe conferred decorations and orders on this quarter-deck hero, and when he arrived in New York recently President Roosevelt invited him to lunch at the White House. The invitation was accepted this week.

BIG DEAL IN RAILROADS.

Southern Buys Queen & Crescent Route.

A special from Nashville, Tenn., says: According to information obtained here today through a high railroad official, the Southern has practically completed a deal by which it purchases outright the interests of the city of Cincinnati in the Cincinnati Southern railway. It solves the Cincinnati, New Orleans and Texas Pacific Railroad company and merges the property with the Southern railway proper. This will be done, it is said, by paying the city of Cincinnati cash and bonds for its interests and the mere dissolution of the C. N. O. & T. P. company, the latter organization already being owned by the Southern railway interests. The deal, it is said, will be in line with President Samuel Spencer's policy to consolidate all the properties in which he is interested. When the legislature of Mississippi refused to allow the Mobile & Ohio to be consolidated with the Southern Mr. Spencer took up the Queen & Crescent matter. What has hurried the matter is the fact that the company has found it necessary to double its track from Cincinnati to Chattanooga, and this plan meets with many obstacles as long as the main stem belongs to Cincinnati. Extensions have also been found necessary, and these things have brought the plan to early maturity.

The Cincinnati Southern is now forming the connection for several of the Southern's lines. The Louisville-St. Louis, the Nashville division and several smaller roads in East Tennessee, as well as the new line being built toward Charleston and Savannah depend upon this line for north and south business. The company has recently issued \$200,000,000 in bonds, and only \$85,000,000 of that amount has been appropriated or apportioned. The remainder, it is said, is reserved to pay for the Cincinnati Southern, build the Savannah and Charleston cut off from Knoxville to Anderson, S. C., and a second track from Cincinnati to Chattanooga. According to information obtained here, the official announcement of the deal will be made in July.

COST OF PRINTER'S STRIKE.

Already Spent \$600,000 in Eight Hour Day Fight.

In the current issue of the Typographical Journal, the official publication of the International Typographical union, there is an accounting of the international receipts and expenses of the strike for an eight hour day, from August 24, 1905, to April 21, 1906. It shows that the expenditures out of the defense fund for benefits and expenses during that time were \$612,277.64 and that the receipts for the same period were \$609,109.30.

The complete summary for the period shows that, in addition to the money received for the defense fund, there were received the following sums:

Burial fund, \$26,931.22; general fund, \$28,015.81; home fund, \$38,608.60; Typographical Journal fund, \$10,801.28; special defense fund, \$17,980.06; Cummings memorial fund, \$888.11,

making a total of \$703,806.41.

Expenditures in addition to those from the defense fund: Burial fund, \$25,000; general fund, miscellaneous expenses, \$27,592.13; home fund transferred to treasurer, \$36,098.60; Typographical Journal fund, \$21,021.35; Cummings memorial fund, \$122.50, making a total of \$722,475.22. The balance on hand Aug. 24, 1905, was \$86,791.81.

In Memory of the Explorers of the Grand Canyon of the Colorado.

Members of the United States Geological Survey feel a lively interest in the fact that the trustees of the American Science and Historic Preservation Society have recently presented to Congress a memorial in which they ask that a monument be erected at some place near the Grand Canyon of Colorado River to Maj. John Wesley Powell, the explorer, and his companions. Major Powell was the second director of the Federal Survey. The present organization, which he helped to found and of which he was the head from 1882 to 1884, is in many respects the expression of his idea of what a geological survey should be.

Remembered as a patriot and a soldier, his fame rests chiefly on his achievements as a scientist. The single feat for which he was most renowned was his exploration of Colorado River of the West. He and his companions were the first human beings to traverse that canyon, the most remarkable in the known world, feared and shunned by even the natives born on its edge.

Prior to 1871, the portion of Colorado River between Green River Valley in Wyoming and the mouth of Rio Virgin in Nevada was a mystery. It flowed through long deep canyons, the largest of which was over a mile deep and from 10 to 15 miles wide from rim to rim. At other places the walls contracted, the course of the river became obscured, and among the many wild and fantastic tales told about were stories of strange and abhorrent underground passages.

In 1890 Powell made his first voyage, an undertaking probably never surpassed in daring. His party consisted of ten men, including himself. They had four boats, one of which was wrecked. One of the party left before they went below the mouth of White River and three of them withdrew near the end of the Grand Canyon and were afterwards killed by the Shewit Indians. After perilous voyage, made more rapidly than was desired because of short rations, the survivors reached the mouth of the Rio Virgin. There they were picked up and succored by some Mormons who had been sent by Brigham Young to that point to establish a settlement.

This scientific results of the first expedition were unsatisfactory, and a second expedition was planned for the purpose of collecting scientific data and making a better exploration. The second party, which numbered eleven men, left Green River in 1871. Second in command of this party was Prof. A. H. Thompson, who afterwards became a member of the Powell Survey, and later, when Major Powell became director, a member of the United States Geological Survey where he still holds the position of geographer.

This party explored the river part way, but did not enter Grand Canyon in 1871 for two reasons. The weather became cold and food was scarce. It was decided therefore to spend the winter of 1871-2 exploring the country adjacent to the Canyon and establishing a base of supplies. In 1872, the descent of the Canyon was resumed with only seven in the party. The other four had fallen ill, and no others appeared to have the courage to take their places. It was commonly believed that the explorers would never be seen again, but no lives were lost, although Major Powell was nearly killed.

It is felt that the phenomenal work of these explorers entitles them to national recognition.
